14

Dated 26/12/55

[Despatch Abstract.]

Medical Institutions - Govt. MG Hosp. Hospital
Mangalore - clinical training for the students
of the Kasturba Medical College, Manipal
creation of a post of clinical Lecturer in the
Radiology Dept. - recommended

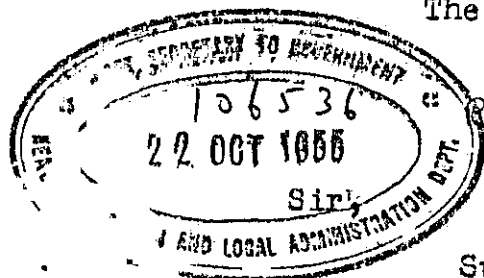

MEDICAL DEPARTMENT

From

Lt. Col. Sangham Lal, MBBS. FRCS. DOMS. (LOND.)
Director of Medical Services, Madras.6.

To

The Secretary to Government, Health, Education and
Local Administration Department, Madras.

Ref. no. 88691-2 E1/55 dated 21-10-1955.

Sub: Medical Colleges - Kasturba Medical College,
Udipi - Clinical training for the students at
Mangalore - Improvements to the Radiology
Department of the Wenlock Hospital, Mangalore
Sanctioned - Proposals for the creation of a
post of Lecturer in Radiology in the Wenlock
Hospital, Mangalore.

Ref: G.O.Ms.No. 88, Health, dated 8-1-1955.

In the G.O. cited, the Government have accorded
sanction for the purchase of, among others, a Deep Therapy
apparatus required in connection with the improvements to be
made to the Radiology Department of the Wenlock Hospital,
Mangalore in order to make it suitable for a teaching Insti-
tution. The Government also approved the proposal for the
transfer of 250 mgm. of radium element, from the Barnard Insti-
tute of Radiology for use in the Radiology Department of the
Wenlock Hospital, Mangalore.

2. With reference to the above orders, the
Director, Barnard Institute of Radiology was requested to
arrange for the transfer of 250 mgm. radium element from the
Barnard Institute of Radiology to the Wenlock Hospital, Mangalore.
In this connection a copy of the letter dated 3-8-1955 received
from the Director, Barnard Institute of Radiology, Madras
is enclosed for the information of the Government. The
Director, Barnard Institute of Radiology has stated therein
that it will be essential to create another post of Radiologist
in the Hospital and that the transfer of the radium needles
and also setting up of a cancer Unit at the Wenlock Hospital,
Mangalore may be deferred till the additional post is created
and an officer is posted to fill up the post.

3. The Government Wenlock Hospital at Mangalore
had only a part-time post of Radiologist i.e. one of the
Assistant Surgeons attached to the Hospital was discharging
the duties of the Radiologist and was getting a special pay
of Rs.30/- per mensem. The Government have in their order
No. 1220 Health, dated 2-4-1955 sanctioned a full time post
of Assistant Surgeon (Radiologist) for the Government Wenlock
Hospital at Mangalore and it has since been filled up.

4. The Government Wenlock Hospital and the Lady
Goschen Hospital at Mangalore were converted into teaching
medical institutions for the Kasturba Medical College, Manipal
and it is only in this connection certain improvements to the
Radiology Department of the Government Wenlock Hospital,
Mangalore, have been sanctioned by the Government. As the
Government have ordered the fixation of x-ray therapy and
Radium Therapy apparatus in the Radiology Department of the
Wenlock Hospital it is essential to have two Assistant Surgeons
one to be in charge of the diagnostic side and the other Radio-
therapy side. The senior among the two Assistant Surgeons
will have to be designated as Lecturer in Radiology. This

-8-

will necessitate the creation of one additional post of Assistant Surgeon for the radiology department of the Wenlock Hospital, Mangalore in the category of Clinical Lecturers category 10 of Class I of the Madras Medical Service in as much as the senior of the two Assistant Surgeons in the Radiology department will have to undertake teaching to the students of the Kasturba Medical College. The entire cost on account of the creation of this post will have to be recovered from the authorities of the Kasturba Medical College, Udipi as in the case of posts of Tutors in Medicine, Surgery, etc. created at the Government Wenlock Hospital, Mangalore, especially as the improvements to the Radiology Department and employment of an additional Assistant Surgeon at the Government Wenlock Hospital, Mangalore, have to be made only with a view to make the department suitable for a teaching institution.

5. In the circumstances stated above, I request the Government to consider the above proposal in consultation with the authorities of the Kasturba Medical College, Mangalore and issue orders for the creation of an additional post of Assistant Surgeon for the Radiology department in the category - Clinical Lecturer - Category 10 of Class I of the Madras Medical Service in the Government Wenlock Hospital at Mangalore.

6. The extra cost to Government on account of this additional post is indicated in the appended statement.

Yours faithfully,

Sanghambh
Director of Medical Services.

STATEMENT.

Dr. Techner 310-480

Pay - Rs. 413 8/9	x 12 = Rs. 4967/-
Dearness allowance - Rs. 70	x 12 = Rs. 840/-
Radiology special pay Rs. 50	x 12 = Rs. 600/-

Total Rs: 6407/- or
Rs. 6410/- in round
figures.

NSR/21.10.

Copy of letter dated 3-8-55 from the Director, Barnard Institute of Radiology, Government General Hospital, Madras.3. addressed to the Dean, Government General Hospital, Madras.

Sub: Medical Colleges - Kasturba Medical College, Udipi
Transfer of 250 mgm. of Radium Element.
Ref: No. 17103/A2/Bud/55 dated 25-7-55.

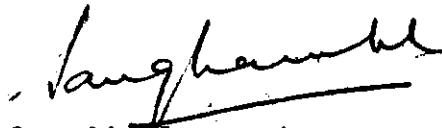

I do not consider it desirable to transfer the 250 mgms. of Radium element allotted to the Wenlock Hospital, Mangalore at present for the following reasons.

1. There is only one Radiologist at present on the staff of the Hospital, Dr. C.G. Padmanabharao.
2. The Hospital is already equipped with one Diagnostic Unit and another has been recommended to be purchased. Probably this unit will be installed soon. In addition to that, money has already been sanctioned for an x-ray therapy unit. I visualise that this also would be installed in the near future.

44 / This x-ray department has got to meet the demands of the work of both the Wenlock Hospital and Lady Goschen Hospital which together have about 500 beds.

It is more than what could be expected of from a single Radiologist to cope with the Diagnostic work alone from such large number of patients. It is, therefore, quite essential that the hospital should have another Radiologist on the staff of the Hospital who could deal with the Radiation therapy work i.e. both x-ray therapy and Radium therapy. I, therefore, recommend that the transfer of these Radium needles and also setting up of a Cancer Unit may be deferred for a few months more when a qualified Radiologist would be available to be posted to Mangalore.

Sir,

Sub: Medical Colleges -
Kasturba Medical College.
Clinical training for the
students of the College-
Employment of Clinical
Lecturer in the Radio-
logy Dept. in the Govt.
Wenlock Hospital,
Mangalore -

I am directed to invite
attention to the proceedings of this
Govt. No. 88, Health, dated 8-1-1955
in which, they sanctioned ^{the purchase of} improvement
for
Equipment to the Radiology Dept. of the Govt.
Wenlock Hospital, Mangalore, and to
state that they have also since
sanctioned the employment of a
Radiologist in the grade of Asst.
Surgeon ^{The post has been filled up.} in this Dept. The D.M.S.,
Madras, now reports that two Asst.
Surgeons, one for diagnostic work and
the other for Radio-therapy work,
are essential for the Radiology
of the Wenlock Hospital.
Dept. He suggests that the senior of
the two Radiologists may be designated
as Lecturer in Radiology and that
he may undertake teaching to the
students of the Kasturba Medical
College. It has been suggested that
as the creation of an additional
post of Asst. Surgeon in the category
of Clinical Lecturer is ^{necessary only} necessitated

H.E.L.A. (H.I) Dept.

From the D.M.S. No.88691-2-E1/55, dated 21-10-1955.

Sub: Medical Colleges - Kasturba Medical College, Manipal - Clinical training for the students of the College - Employment of a Clinical Lecturer in the Radiology Dept. of the Govt. Wenlock Hospital, Mangalore -

The case relates to the employment of an additional Asst. Surgeon in the Radiology Dept. of the Govt. Wenlock Hospital, Mangalore.

2. The Govt. have agreed to the Govt. hospitals at Mangalore being used for imparting clinical training to the students of the Kasturba Medical College, Manipal. In order to make these hospitals suitable to serve as teaching institutions, the Govt have sanctioned ~~among other things~~ ^{inter alia} improvements to the Radiology Dept. of the Govt. Wenlock Hospital, Mangalore. An expenditure of Rs.1,31,000/- has been sanctioned for the purchase of equipment for the dept. Fifty per cent of the cost of the equipment is borne by the authorities of the College. Two hundred and fifty mgm. of radium element has also been ordered to be transferred to the Hospital from the Barnard Institute of Radiology. In G.O.Nos. 1220 Health dated 2-4-1955, a post of Asst. Surgeon (Radiologist) has been sanctioned for the Hospital in lieu of the part-time post of Radiologist. The D.M.S. reports that the post has been filled up.

3. The Director, Barnard Institute of Radiology and the D.M.S. ^{now} consider that two Asst. Surgeons, one for the diagnostic section and the other for the Radiotherapy section are essential. The D.M.S. has proposed that an addl. post of Asst. Surgeon may be sanctioned for the Radiology Dept. of the Wenlock Hospital and that ^{the} senior of the two Asst. Surgeons may be designated as Lecturer in Radiology.

He suggests that as the Asst. Surgeon designated as Lecturer in Radiology will have to undertake teaching to the students of the Kasturba Medical College, the cost on account of the employment of an addl. Asst. Surgeon may be recovered from the authorities of the College and that the latter may be consulted before orders are issued in the matter.

3cf

idil / D

4. One post of Asst. Surgeon (Radiologist) was sanctioned for the Radiology Dept. of ^{the} Wenlock Hospital only in April 1955. The D.M.s merely states that two Asst. Surgeons will be essential for the Dept. but has not justified clearly the need for the creation of an additional post of Asst. Surgeon so soon. He has not explained the difficulty experienced in carrying on the work with one Radiologist. However, there seems to be no objection to ^{sanction} the creation of an addl. post of Asst. Surgeon, if the authorities of the Kasturba Medical College agree to meet the cost on the employment of the Asst. Surgeon, which is estimated at Rs.6,410/- recurring per annum. It is for orders whether the Registrar, Kasturba Medical College, may be addressed in the matter. If so, the draft letter below is submitted for approval.

The need is obvious and it has been explained in para: 4 of the report.

Finance (E.I.) Dept.

The case relate to the employment of an additional Assistant Surgeon ^{in the category of clinical lecturer} in the Radiology Dept. of the Wenlock Hospital, Mangalore. The extra cost involved in the proposal works out to Rs 6410/- p.a. recurring. It is stated that the cost on account of the additional Asst. Surgeon may be recovered from the authorities of the Kasturba Medical College, Manipal H.E.L.A. therefore propose to address the Registrar of the above College in the matter. The notes on pp.1-2 above and the draft letter ^{below} may be perused.

In G.O.Ms.No.1220-Health, dated 2-4-55, the Govt. sanctioned among other staff, one post of Radiologist in the grade of Asst. Surgeon in lieu of a part time post of Radiologist in the Govt. Wenlock Hospital, Mangalore. The post was sanctioned in view of the proposed increase of bed strength of the hospital from 116 to 302. While sanctioning this post of Radiologist, the fact that the Govt. Head quarters Hospital, Mangalore will be utilised for imparting clinical teaching to the students of the Kasturba Medical College was also taken into account. This post was sanctioned only in April 1955. It is, however, not clear whether the work in the X-Ray Dept. has increased of late i.e. after 1-4-55. No statistics have been furnished in this respect. It is also seen that the bed strength of the Govt. Head quarters Hospital, Kozhikode is 324 and that there is only one full time Radiologist in the above hospital. In view of this position the case for an additional Asst. Surgeon ^{in the category of clinical lecturer} for the Wenlock Hospital is not strong. If, however, H.E.L.A. wish to press for the post of an additional Asst. Surgeon ^{in the category of clinical lecturer} they may be requested to obtain the following information:-

Please see p 5 & c. A. E. L. A.
The Director of Barman Institute has reported that the radiologist has to meet the demands of work of both the Wenlock Hospital & Lady G. S. Hospital - about 500 beds. Do the same conditions obtain in Kozhikode also - is there a common radiologist for Govt. Gen. Hospital and Women's Hospital.
Pl. check up.

26/12

Re-submitted.

It is ascertained from H.E.L.A. that the present bed strength of the Government Headquarters and the Women's Hospital, Kozhikode is 346 and 210 respectively and that no separate post of Radiologist has been sanctioned for the Women's Hospital, Kozhikode. Presumably the Radiologist in the Headquarters Hospital, Kozhikode will be looking after the work relating to Radiology of the Women's Hospital, ^{Kozhikode} also.
